

STINGER SCAN

STINGER SCAN

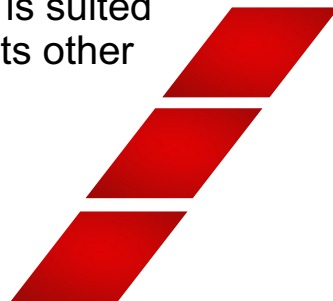

DESCRIPTION

MEGA-LITE has re-amped the infamous scanner fixtures by creating the Stinger Scan-150. Designed to be more powerful and deliver a high output, this fixture features a 150W single color LED.

Packed with 8 colors+open, 7 removable, bi-directional, indexing rotation gobos and 4-facet, rotatable, indexing prism, the Stinger Scan-150 is ideal for creating dramatic eye-catching effects. Between the mechanical focus, 180° pan and 40° tilt it can deliver sharp optics and mid-air looks at a high-speed.

With a 15° lens angle, it produces impressive beams of light that are designed to deliver striking aerial effects. The fast mirror pace is suited for high energy music and high impact lighting that compliments other moving head effects.

Features.

POWERFUL

Designed to be more powerful and deliver a high output, this fixture features a powerful 150W single color LED.

FAST PAN & TILT

The 180° and 140° tilt can deliver high-speed optics and mid-air looks for dramatic eye-catching effects.

EFFECTS

The fixture is packed with 8 colors+open, 7 removable, bi-directional, indexing rotation gobos and a 4-facet, rotatable, indexing prism.

A professional stage light, specifically a Stinger MegaD, is shown in a dark environment. The light fixture is positioned at the bottom center of the frame. It is projecting several powerful beams of light: three bright red beams fan out to the left, two bright red beams fan out to the right, and a single, very bright white beam projects directly forward. The light fixture itself is black and silver, with the brand name 'STINGER' and model 'MEGA D' visible on its front panel. The overall scene is dramatic, with the light beams cutting through the darkness.

It produces impressive beams of light that are designed to deliver striking aerial effects.

Specifications.

Source:

Led Type: 150W SINGLE COLOR

Optical System:

Lens Angle: 15°
Focus: MECHANICAL FOCUS

Effects:

Colors: 8 COLORS + OPEN
Roatating Gobos: 7 REMOVABLE, BI-DIRECTIONAL, INDEXING
Prism: 4-FACET, ROTATABLE, INDEXING

Control & Programing:

RDM: YES
Display: DIGITAL
Protocol: DMX 512
DMX Channels: 2 MODES OF OPERATION

Movement: :

Pan: 180°
Tilt: 40°

Electrical & Connections:

Power Connection: PANEL MOUNTED POWER CON (TYPE) IN & OUT
DMX Connectors: PANEL MOUNTED 5PIN XLR CONNECTOR IN & OUT (3 PIN OPTIONAL)
Power Supply: ELECTRONIC AUTO SWITCHING 100V-240V 50/60HZ
Power Consumption: WATTS: 272W | AMPS: 2.3A
Fuse: F5A 250V

Dimensions:

Fixture Size: 10.5" X 6.5" X 18.5"
Fixture Weight: 16.5 lb (7.5 kg)
Packaged Size: 23.25" X 12" X 20"
Packaged Weight: 20 lb (9 kg)
