COLORLITE Q120

# DES CRIP TION

With an IP65 rugged housing, this unit is the ideal lighting solution for indoor and outdoor applications. Featuring a 120W RGBW COB LED, it can create rich saturated colors that add a fascinating attribute to any utilization.

Between the RGBW and WW 90+ High CRI, this innovative unit allow users to create true warm white, amber and bold color combinations, eliminating the need for gel replacements. The Colorlite Q120 provides designers with smooth transitional hues and the ability to seamlessly alter any setting including theater, architectural, house of worship and even house lighting.

# Features.

## COLORFUL

The smooth RGBW color mixing allows for various color combinations.

## HIGH-CRI

Featuring a 90+ CRI on WW mixed with the RGBW, create true warm white, amber, and bold color combinations. No need for gel replacements.

## VARIOUS APPLICATIONS

Equipped with a silent operation perfect for indoor use.

This unit is the ideal lighting solution for indoor and outdoor applications.
