

Spotbot

LED CYM 300

DES CRIP TION

The Spotbot LED CYM 300, a versatile LED fixture that is affordable, full-featured and all-purpose fixture. It's equipped with a powerful 300W LED engine that can produce a bright, powerful and even projection, the Spotbot's impressive 7°-31° zoom range allows for the unit to be utilized in versatile settings. When combined with the 8 facet rotating prism the gobos seem to come alive. The 10 fixed and 7 rotating gobos allow you to morph between them using the focus and zoom.

The smooth CYM color mixing allows for many color combinations. It offers a unique set of added colors that reside on the back end of the CYM color flags with the ability to generate a multitude of color sequences. The Spotbot also features a frost filter for a colorful, smooth soft-edged wash. The Spotbot LED CYM 300 is the perfect multi-tool, robust, full size fixture to have in your lighting tool chest.

Features.

COLORFUL

The smooth CYM color mixing allows for various color combinations. It also offers a unique set of added colors that reside on the back end of the CYM color flags.

EFFECTS

Features 10 fixed and 7 rotating gobos, rotating prism, frost filter, focus and 7°-31° zoom.

BRIGHT

Equipped with a powerful 300W LED engine that can produce a bright, powerful and even projection.

A professional stage light fixture, likely a Spalot model, is the central focus. It is a dark, cylindrical unit with a lens at the front and a mounting bracket. The fixture is positioned on a dark surface. The background is a dark stage environment illuminated by four distinct spotlights: a blue one on the left, a yellow one in the upper center, a magenta one in the upper right, and a green one on the far right. The light fixture itself is partially illuminated by these colors, with a blue glow on its side and a green glow on its base. The overall atmosphere is dramatic and professional.

**It's equipped that can
produce a bright, powerful
and even projection,**

Specifications.

Source:

Light Source: 300W LED

Optical System:

Zoom Range: 7° - 31°

Effects:

Gobo: STATIC 10+ OPEN
Gobo 2: ROTATING 7+ OPEN BI-DIRECTIONAL ROTATION
Color Section 1: RED, UV, DARK BLUE, CYAN
Color Section 2: LIME GREEN, ORANGE, GREEN, MAGENTA
Color Section 3: 4926K, 4260K, 3889K, YELLOW
Color Mixing: CYM
Dimmer: ELECTRONIC DIMMING
Shutter: ELECTRONIC Shutter Strobe 18 FLASH/SECOND
Prisms: 8 FACET OVERLAID PRISM
Iris: ADJUSTABLE IRIS
Frost: MECHANICAL FROST EFFECT
Focus: MECHANICAL FOCUS

Control & Programing:

Display: LCD DISPLAY
Protocol: DMX 512
DMX CHannels: 39 CHANNEL MODE

Movement :

Pan: 540° 8/16 BIT
Tilt: 270° 8/16 BIT
Pan Tilt Lock : YES

Electrical & Connections:

Power Connection: POWERCON TYPE
DMX Connectors: 3 & 5 PIN XLR CONNECTORS
Power Supply: AUTO SWITCH 100V-240V 50/60HZ
Power Consumption: 382 WATTS | 3.25 AMPS

Dimensions:

Fixture Size: 17" X 10.25" X 27"
Fixture Weight: 51.25 lb (23.25 kg)
Packaged Size: 25" X 21" X 22.75"
Packaged Weight: 60 lb (27.22 kg)
